

## **CURRICULUM VITAE**

### **Dirk Eggers**

Dirk studied Nautical Science, holding the highest nautical Certificate of Competency. After his studies he worked as Nautical Officer on various vessels worldwide for one of the traditional German Shipowning Companies before working as a Marine Superintendent & Designated Person & Nautical Officer for another Shipowning Company. After that he became first Staff Expert/Auditor/Instructor for ISM Code & ISO Certification and later Head of Department – ISPS Code Certification for an international classification society. Thereafter, Dirk worked as Nautical Officer & Staff Captain on board of cruise vessels worldwide before coming back ashore as Staff Surveyor for a leading maritime survey and claims organisation.

In July 2018 Dirk joined Manfred and Stephan at Sandomeer, Schulte Partner (SSP), Hamburg, as Staff Surveyor. Since then he has been involved in several casualties, inter alia:

- Damage and repair surveys for Shipowners, Hull & Machinery Underwriters, Loss of Hire Underwriters on various vessels worldwide
- Investigation and evaluation of maritime casualties such as collisions, groundings, fire, explosions, machinery failures, etc.
- Certification of casualty related repair and loss of hire cost
- Condition surveys
- Towage approval surveys
- Consultancy works with maritime casualties for Owners and Insurers
- Issuance of nautical and technical expert reports and expert opinions for courts and arbitrations
- On-site attendance at maritime casualties as representative / consultant for Shipowners, Underwriters and Average Adjusters
