

Hamburg, August 2021

New partner aboard!

We are pleased to announce that Sören Scheffler has joined the partnership of Sandomeer, Schulte Partner – Sachverständige (SSP) as new partner. Together with Stephan Schröter he will manage the partnership from now on.

Manfred Schulte will continue to work with his routine and expertise in the day-to-day business and will actively support the new partners. Together with Dirk Eggers, there are now four experienced experts at your disposal at SSP.

Sören Scheffler studied marine engineering, working in shipping since 1998. After obtaining the highest marine engineer licence for steam and diesel followed by active sea service on tankers and offshore vessels for several years, Sören changed to a position ashore as Technical Superintendent. During the following years he acquired certain expertise in various roles and finally worked as Fleet Manager and Technical Director with a Tanker shipping company. Prior to joining SSP, Sören was involved in consultancy and project management for shipping companies worldwide.

As new partner of SSP, Sören is looking forward to meet you personally soon. You can reach him using the following contact details:

Phone: +49 (0) 40 / 37 86 44 16
Mobile: +49 (0) 162 / 764 049 0
E-Mail: s.scheffler@ssp-hamburg.de

We appreciate you extending your confidence towards SSP also to our new partner and look forward to the continuation of the successful cooperation with you in the future.
